### Case Summary

It is DSFM Ray's conclusion that the fire located at 1200 Mississippi Street, Jackson, MS 39201, is an accidental fire. The examination revealed that the fire started along the curtain wall that separated the Prostyle Paris booth and the Savvy Gourmand booth. DSFM Ray located six portable makeup vanities. While examining the vanities, DSFM Ray noticed that each vanity had a multiplug attached to the side with three power cords for hair styling equipment plugged into it. The vanities then had a cord that ran down to an extension cord that was taped to the floor and then plugged into a power strip. DSFM Ray was also able to locate a small-gauge extension cord that had significant damage to it. The stranded wire for the cord was frayed and separated. The extension cords had been run from the electrical receptacle and had items stacked on top of them. DSFM Ray was able to view video footage from the Trade Mart. The video showed a woman in the Prostyle Paris booth lighting a candle on a shelf near the fabric curtain separating their booth from the Savvy Gourmand booth. The video showed that the candle was still burning at the end of the day when everyone had left the building. The next video clip was when the fire had already started. Director

## Case Initiation Report

Case Number:	2026-0118	Incident Date:	03/21/2026 00:23
Case Type:	Structure Fire Case	Lead Investigator:	Ray, Josh
Title:	The Mississippi Trade Mart		
Address:	1200 Mississippi Street Jackson MS 39202		

Patrick said that the cameras are motion-activated and only record when there is motion. The video shows the fire burning along the curtain that separated the Prostyle Paris booth and the Savvy Gourmand booth. The fire is burning the curtain from the bottom to the top and is starting to burn the curtain wall between the Savvy Gourmand booth and the Heels 2 Spurs Booth. Due to the extent of the damage, DSFM Ray was unable to determine if the cause of the fire was due to an electrical failure or the candle coming in contact with combustible material.

## Incident Fire Basic Report

Case Number:	2026-0118	Incident Date:	03/21/2026 00:23
Case Type:	Structure Fire Case	Lead Investigator:	Ray, Josh
Title:	The Mississippi Trade Mart		
Address:	1200 Mississippi Street Jackson MS 39202		

### Fire Detail

<b>Property Use:</b>	Other
<b>Mixed Use:</b>	Enclosed mall
<b>Fire Origin:</b>	Assembly or sales area, other
<b>Fire Cause:</b>	Accidental
<b>Heat Source:</b>	Heat source, other
<b>First Ignited:</b>	Electrical wire, cable insulation

### Area of Origin:

DSFM Ray identified the area of origin as Trade Hall B, near the center of the building. There was a large amount of smoke and soot located in the Trade Halls. The building was hosting a Spring Market retail show, with multiple vendor booths set up throughout Trade Hall B. The fire consumed three vendor booths situated next to each other. While removing fire debris from the vendor booth, DSFM Ray found six portable makeup vanities. While examining the vanities, DSFM Ray noticed that each vanity had a multiplug attached to the side with three power cords for hair styling equipment plugged into it. The vanities then had a cord that ran down to an extension cord that was taped to the floor and then plugged into a power strip. DSFM Ray was also able to locate a small-gauge extension cord that had significant damage to it. The stranded wire for the cord was frayed and separated. The extension cords had been run from the electrical receptacle and had items stacked on top of them.

The following day, Deputy Director Nipper showed DSFM Ray a video of inside the Trade Mart. The video showed a female in the Prostyle Paris booth lighting a candle that was on top of a shelf near the fabric curtain that separated their booth from the Savvy Gourmand booth. The video showed the candle still burning at the end of the day, after everyone had left the building. The next video clip was when the fire had already started. Director Patrick said that the cameras are motion-activated and only record when there is motion. The video shows the fire burning along the curtain that separated the Prostyle Paris booth and the Savvy Gourmand booth. The fire was burning the curtain from the bottom to the top and was starting to burn the curtain wall between the Savvy Gourmand booth and the Heels 2 Spurs Booth.

## Narrative Report

Case Number:	2026-0118	Incident Date:	03/21/2026 00:23
Case Type:	Structure Fire Case	Lead Investigator:	Ray, Josh
Title:	The Mississippi Trade Mart		
Address:	1200 Mississippi Street Jackson MS 39202		

---

<b>Author</b>	Ray, Josh	<b>Date</b>	04/02/2026
---------------	-----------	-------------	------------

On March 21, 2026, at approximately 00:23 hours, a fire occurred at 1200 Mississippi Street, Jackson, MS 39201. The fire damaged a brick commercial building that was owned by the State of Mississippi. The building was being used as an event venue at the time of the fire. The owners reported that the building was secure when the fire occurred. The building was a brick building that faced in a Westerly direction. It was metal-framed with a brick facade and a tar roof and was constructed on a concrete foundation. The building consisted of three (3) event halls, seven (7) bathrooms, a kitchen, multiple storage rooms, and multiple offices. The weather at the time of the fire was fair, with 90% humidity. It was 70 degrees, with winds from the Southwest at 7 miles per hour. The fire was discovered by Brian Evers, whose phone number is (601) 398 -7827. Mr. Evers works for Swetman Security and was providing security for an event on fairgrounds property. The building was self-insured at the time of the fire.

The Jackson Fire Department (JFD) was dispatched to the fire at approximately 00:23 hours, and they arrived on the scene at 00:26 hours. JFD was not assisted in their fire suppression efforts. Once on the scene, firefighters reported smoke coming from the building. While assessing the scene, firefighters found the source of the fire. Engine 28 assumed incident command. Firefighters pulled a two-inch hand line from Engine 28 and extinguished the flames. Firefighters from Engine 3 completed a primary search and reported an all clear. Firefighters from truck 28 began positive pressure ventilation. Trade Mart director Austin Bullock provided extra fans to help with the ventilation efforts. Incident command requested an arson investigator and advised dispatch to notify the State Fire Marshal's Office. Once the investigation and several hours of ventilation were complete, firefighters released the building back to the Trade Mart director, Austin Bullock. Firefighters advised dispatch that the fire was under control and that all units were clear of the scene at approximately 03:35.

On March 21, 2026, Deputy State Fire Marshal (DSFM) Josh Ray was contacted by Chief Deputy State Fire Marshal (CDSFM) Kevin Butler, who advised that the Capitol Police Department had contacted him and requested assistance with a fire at 1200 Mississippi Street, Jackson, MS 39201. CDSFM Butler advised DSFM Ray that he was told the fire started at some hair-styling equipment.

On March 21, 2026, DSFM Ray drove to 1200 Mississippi Street, Jackson, MS 39201, to meet Jackson Fire Department Fire Investigator Rictavius Haymon. Upon arrival, DSFM Ray spoke with Brian Perry, the Chief of Staff for the State Fairgrounds. Mr. Perry was asked to sign a Consent to Search form. DSFM Ray spoke to Dean Bernard, who is the Director of the Mississippi Ag Theft Bureau. Director Bernard said that the Trade Mart had security cameras and that he would have the video put on a thumb drive on Monday. DSFM Ray then spoke to Brian Evers, who stated that he was working security on the State Fairgrounds property when

## Narrative Report

Case Number:	2026-0118	Incident Date:	03/21/2026 00:23
Case Type:	Structure Fire Case	Lead Investigator:	Ray, Josh
Title:	The Mississippi Trade Mart		
Address:	1200 Mississippi Street Jackson MS 39202		

---

he went to the Trade Mart restroom. He said that when he opened the door to the building, he noticed a lot of smoke and felt some heat. Mr. Evers said he then called the Capitol Police Department and reported the fire. He said that around five minutes later, Capitol Police called him back and told him that the Jackson Fire Department wanted him to call them. Mr. Evers said that he then called the Jackson Fire Department and they were asking him questions about the fire and he told them that the building was full of smoke and that he could feel some heat and that he was not going into the building. He said just a few minutes later that the Jackson Fire Department arrived on scene.

DSFM Ray then began the scene examination by photographing the exterior of the building in a counterclockwise direction. During this time, a scene safety assessment was conducted. Potential hazards identified included standard fire safety concerns. DSFM Ray mitigated the hazards by being observant. The exterior examination revealed a brick building with a covered front awning and a tar roof. During the examination, it was noted that the fire did not damage the building's exterior. The electrical service was connected and in operation at the time of the fire. The electrical transformer was located in the rear of the building. The utility service provider was determined to be Entergy Electric.

The scene was entered through the building's front door to conduct an interior examination. The interior examination began by photographing the inside of the building in a counterclockwise direction. The contents seemed to be consistent with the occupant's statement of use. A systematic approach was used to conduct an interior examination. This was accomplished by working from the least amount of damage to the greatest amount of fire damage. Using this examination method, DSFM Ray identified the area of origin as Trade Hall B, near the center of the building. There was a large amount of smoke and soot located in the Trade Halls. The building was hosting a Spring Market retail show, with multiple vendor booths set up throughout Trade Hall B. The fire consumed three of the vendor booths that were situated next to each other.

DSFM Ray used a systematic approach to remove the remaining fire debris. This was accomplished by removing it in layers and examining each layer. While removing the fire debris from the vendor booth, DSFM Ray found six portable makeup vanities. While examining the vanities, DSFM Ray noticed that each vanity had a multiplug attached to the side with three power cords for hair styling equipment plugged into it. The vanities then had a cord that ran down to an extension cord that was taped to the floor and then plugged into a power strip. DSFM Ray was also able to locate a small-gauge extension cord that had significant damage to it. The stranded wire for the cord was frayed and separated. The extension cords had been run from the electrical receptacle and had items stacked on top of them.

On March 24, 2026, DSFM Ray drove to the Trade Mart and spoke with Deputy Agricultural Commissioner and Director of the Mississippi State Fairground, Hayes Patrick, and Deputy Director of the Mississippi State

## Narrative Report

Case Number:	2026-0118	Incident Date:	03/21/2026 00:23
Case Type:	Structure Fire Case	Lead Investigator:	Ray, Josh
Title:	The Mississippi Trade Mart		
Address:	1200 Mississippi Street Jackson MS 39202		

---

Fairground, Justin Nipper. Deputy Director Nipper showed DSFM Ray a video of inside the Trade Mart. The video showed a female in the Prostyle Paris booth lighting a candle that was on top of a shelf near the fabric curtain that separated their booth from the Savvy Gourmand booth. The video showed the candle still burning at the end of the day, after everyone had left the building. The next video clip was when the fire had already started. Director Patrick said that the cameras are motion-activated and only record when there is motion. The video shows the fire burning along the curtain that separated the Prostyle Paris booth and the Savvy Gourmand booth. The fire was burning the curtain from the bottom to the top and was starting to burn the curtain wall between the Savvy Gourmand booth and the Heels 2 Spurs Booth.

It is DSFM Ray's conclusion that the fire located at 1200 Mississippi Street, Jackson, MS 39201, is an accidental fire. The examination revealed that the fire started along the curtain wall that separated the Prostyle Paris booth and the Savvy Gourmand booth. DSFM Ray located six portable makeup vanities. While examining the vanities, DSFM Ray noticed that each vanity had a multiplug attached to the side with three power cords for hair styling equipment plugged into it. The vanities then had a cord that ran down to an extension cord that was taped to the floor and then plugged into a power strip. DSFM Ray was also able to locate a small-gauge extension cord that had significant damage to it. The stranded wire for the cord was frayed and separated. The extension cords had been run from the electrical receptacle and had items stacked on top of them. DSFM Ray was able to view video footage from the Trade Mart. The video showed a woman in the Prostyle Paris booth lighting a candle on a shelf near the fabric curtain separating their booth from the Savvy Gourmand booth. The video showed that the candle was still burning at the end of the day when everyone had left the building. The next video clip was when the fire had already started. Director Patrick said that the cameras are motion-activated and only record when there is motion. The video shows the fire burning along the curtain that separated the Prostyle Paris booth and the Savvy Gourmand booth. The fire is burning the curtain from the bottom to the top and is starting to burn the curtain wall between the Savvy Gourmand booth and the Heels 2 Spurs Booth. Due to the extent of the damage, DSFM Ray was unable to determine if the cause of the fire was due to an electrical failure or the candle coming in contact with combustible material.

Therefore, based on the scene examination and information obtained, this case is being ruled as an accidental fire; it shall remain open and remanded to the file. When new information or evidence becomes available in the future, it shall be added and made a permanent part of this file.

Smoke Alarm Presence: Present

Smoke Alarm Type: Combination

Smoke Alarm Working: Yes

Other Alarm Presence: Unknown / Not Applicable

Smoke Alarm Operation: Operated - Alerted Occupant(s)

### Fire Suppression

Fire Suppression Presence: Unknown / Not Applicable

### Incident Narratives

**Incident Narrative:** Engine 28 was dispatched to 1200 Mississippi Street for a commercial fire at the Mississippi Trade Mart. Rescue 1 arrived first, escorted by Capitol PD to the D-side, and reported smoke showing. After locating the source, Engine 28 took over as Trade Mart Command, with DC1 assisting in the size-up. Engine 3 joined Rescue 1 for an interior attack, deploying a 2-inch hand line from Engine 28's apparatus and quickly knocking down the fire. After extinguishment, Engine 3 completed a primary search and reported All Clear. Truck 28 began positive pressure ventilation, followed by a secondary search that also came back All Clear. Truck 5 assisted with additional PPV, while Trade Mart Director Austin Bullock and Assistant Director Dane provided extra fans. Trade Mart Command requested an arson investigator, and DC1 notified Dispatch to call the State Fire Marshal. Once the investigation and several hours of ventilation were complete, the building was released back to Director Bullock, and all units returned to service.

Engine 28: Incident Command  
DC1: Assisted Command  
Rescue 1: First on scene and initial fire attack.  
Engine 3: Provided manpower and primary search. All clear.  
Truck 28: Performed horizontal ventilation and secondary search. All clear.  
Truck 5: Additional PPV and Manpower.  
Arson 3: Conducted fire investigation.  
State Fire: Conducted additional investigation.  
Capitol PD: Secured the scene.

Mississippi Trade Mart:  
Director Astin Bullock (601)213-8661

**Additional Narrative**

Additional Narratives	Authored By	Authored Date
Rescue 1 was dispatched to 1200 Mississippi St. for smoke showing inside the trade mart. Upon arrival, rescue 1 observed heavy smoke showing from the B side of the structure. Rescue 1 went inside to investigate to find the seat of the fire due to the size of the structure. Rescue 1 used thermal imaging camera to locate the fire and observed a vendors booth burned down to the floor. R-1 pulled 1 3/4 attack line from E-28 and extinguished the fire.	T. Williams	20:18:55
Once the fire was out R-1 assisted with ventilation on clearing the smoke from the building. Rescue 1 was released from the scene by command and returned back in service.	Capt. T. Williams RDO/EMT E. Coleman FFII. O. Parks	
ENGINE 3 RESPONDED TO THE LOCATION FOR A BUILDING FIRE. UPON ARRIVAL, ENGINE 3 CHECKED WITH COMMAND. ENGINE 3 PROVIDED MANPOWER AND CONDUCTED A PRIMARY SEARCH AND REPORTED TO COMMAND, "PRIMARY SEARCH ALL CLEAR". ENGINE 3 ASSISTED WITH VENTILATION/OPENING DOORS TO LET THE SMOKE OUT. ENGINE 3 COMPLETED THE ASSIGNMENTS THAT WERE GIVEN. ENGINE 3 WAS RELEASED BY COMMAND. ENGINE 3 BACK IN SERVICE.	WASHINGTON JR	A 09:23:15

APPLES  
WILD

A white metal tiered display rack with four shelves. The top shelf holds several colorful mugs and a woven basket. The second shelf has more mugs and a small basket. The third shelf is filled with wrapped gifts tied with yellow and green ribbons. The bottom shelf also contains wrapped gifts and small items.

A wooden table with a white metal frame. On top is a box of 'Wish HAND SANITIZER' with several packets of sanitizer in various colors (purple, green, orange, red) lined up. A small woven basket with items inside sits to the left of the sanitizer box.

A white wooden cabinet with a decorative sign on the front. The sign reads 'heels & spurs boutique' in a colorful, stylized font. Below the sign is a teal-colored drawer or compartment.

A white metal tiered display rack with four shelves. The top shelf has a sign that says 'Give a Shit' with an image of a person's midsection. Below it is a pink price tag that says 'Season 3 for \$18'. The second shelf is filled with jars of 'Lil' Shits' in various flavors: Bull Shit, Chicke Shit, Aw Shit, Speck Shit, and BAD A Shit. The third shelf has more jars of 'Lil' Shits' and a sign that says 'All Clips + 1/2 of MAR'. The bottom shelf holds several colorful mugs and a pink cup.
